At BlackLine, we understand that one of the critical success drivers for any software deployment is effective user training and adoption. That is why we created BlackLine U.

With the BlackLine U learning portal, we’ve streamlined the process for onboarding new users and improved the way we deliver ongoing education to ensure that your users are maximizing the value of your BlackLine investment.

So whether your organization is looking for standard out-of-the-box training, or a more guided and enhanced learning experience, we are committed to providing you with comprehensive training solutions that meet your organization’s training needs.

**Customer Training Solutions**

Whether the key objective is to onboard new users or champion ongoing user adoption efforts, BlackLine U’s training solutions are designed to accelerate your organization’s time to value goal.
**On-Demand Learning Pass**  
**ANNUAL FEE**

This subscription provides access to all active users to our enhanced training On-Demand catalog. Benefits include:

- **Convenient, flexible, self-paced curriculum**
- **Content and hands-on activities similar to traditional classroom-based courses**
- **Guided on-demand video training courses recorded by BlackLine Subject Matter Experts**
- **Preparing end-users for Go-Live or refresher training for existing end-users**
- **Reinforcement of lessons learned in a live training event**
- **Continuing Professional Education (CPE) credits**

---

**Live Training**  
**PER EVENT FEE**

Let BlackLine U deliver live instructor-led training for your end-users, either virtual or onsite. This is an excellent way to support your roll-out and adoption of BlackLine. Benefits include:

- **Private, live training delivered by a BlackLine Subject Matter Expert**
- **Hands-on activities that can be utilized in class or after class**
- **Preparing end-users for Go-Live or refresher training for existing end-users**
- **Continuing Professional Education (CPE) credits**

---

**Customer Certification: Account Reconciliations**  
**ONE TIME FEE**

The certification program is for anyone supporting and/or managing Account Reconciliations for their organization, and looking to achieve greater proficiency in BlackLine. Benefits include:

- **Convenient, flexible, self-paced curriculum with case studies, & exam**
- **Learning practical skills that can be implemented immediately**
- **Increased self-sufficiency and ability to maintain & optimize BlackLine functionality**
- **Continuing Professional Education (CPE) credits**
